**BACKGROUND**

At the April 2014 regular Parks & Recreation Commission meeting, a process for surveying best practices at local community centers in support of the Community Center Master Plan public was approved. At the June regular Commission meeting, the survey questions were finalized and Commissioners selected cities to tour community centers and conduct surveys. In August the survey results were presented to the Commission along with a draft PowerPoint presentation for the City Council. Commissioners provided feedback and suggestions which were incorporated into the final version. The final version was emailed to the Commission prior to the City Council meeting as requested.

**DISCUSSION**

The results are scheduled to be presented to the City Council on Tuesday, September 9, 2014, the day before the PARC meeting. Commissioners Parmar and Baron will provide an update on how the presentation was received and any feedback from the City Council.
